

**7.1.3 Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)**

- ❖ Solid waste management
- ❖ Liquid waste management
- ❖ Biomedical waste management
- ❖ E-waste management
- ❖ Waste recycling system Hazardous chemicals and radioactive waste management

There are different types of wastes disposed in the college for which there is a proper system functioning.

The following wastes are being disposed by the college:

1. **Solid Waste Management:** College has a place on its campus where the solid wastes materials are disposed. Keeping this in view, the college also manages its solid waste management system. However, there does not exist more waste from college. Waste bins are gathered and provided to the waste collection vehicle of the RenapurNagarpanchayat, Dist-Latur(MS) for the disposal.
2. **Liquid Waste Management-** The waste water is carried out through the pipeline. This system is made by the Nagarpanchayat, Renapur, Dist-Latur(MS).
3. **Biomedical Waste Management-** There is no biomedical waste management system in the college.
4. **E-waste Management-** There is no e-waste management system in the college.
5. **Waste recycling system-** There is no system of Waste recycling in the college. However, there is rain water harvesting system in the college.
6. **The e-medical Waste Management-** There is no e-medical waste management system in the college.
7. **Hazardous chemicals and radioactive waste management-** There is no Hazardous chemicals and radioactive waste management system in the college.
